Terminal Disclaimer

1. The terminal disclaimer filed on 1/10/05 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,674,634 and 6,522,525 has been reviewed and is accepted. The terminal disclaimer has been recorded.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art does not teach or fairly suggest (taken in combination with the other claimed features) an assembly for implantable medical devices, wherein at least one of the first or second capacitors include first, second, and third capacitor modules having respective first, second and third edge faces, with the third edge face set back from the second edge face and the second edge face set back from the first edge face to define a curved profile (claims 40-44); wherein the first capacitor includes a curved outer surface and the second capacitor includes a curved outer surface, the first and second capacitors stackable within an implantable medical device such that the curved outer surface of the first capacitor and the curved outer surface of the second capacitor define a curved profile congruent with a curved inner surface of the implantable medical device (claims 45-46); wherein the first capacitor has a first nominal size and the second capacitor includes a second nominal size with the second nominal size being different than the first nominal size (claims 47-50); and a second capacitor including a second case having a second edge face confronting the interior surface, wherein the second edge

face is set back from the first edge face to define a profile generally congruent to a profile of the interior surface (claims 51-60).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric W Thomas whose telephone number is 571-272-1985. The examiner can normally be reached on Monday - Friday 5:30 AM - 2:00 PM.
